JACKSONVILLE

ARBORETUM
& GARDENS

www.jacksonvillearboretum.org

Discover nature at the Jacksonville Arboretum & Gardens!

Experience an incredible variety of North Florida's flora and fauna on 120 acres of natural preserve.

Diverse Habitats:

- 2 acre lake
- Mature hardwood forests
- Pine flatwoods
- Fern-laden lowlands
- Dry scrub oak forest
- Tidal marshes
- Blackwater streams

Visit:

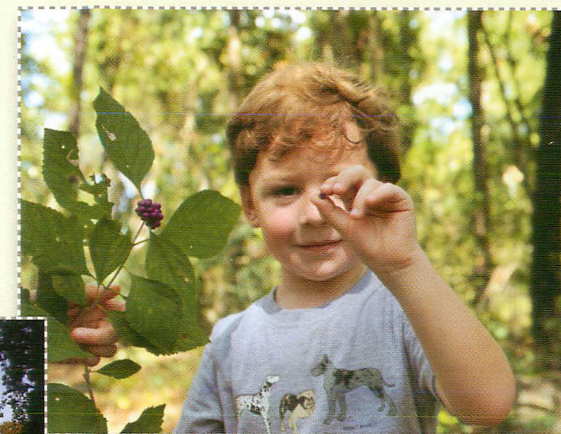

Forested paths, scenic views, and quiet lakes await you at the Arboretum. Experience, enjoy, and connect with nature within a hidden treasure in the heart of Jacksonville.

Conservation:

Land stewardship is provided through the protection and enhancement of natural ecosystems.

Education:

Learn about the wonders of nature and North Florida's unique habitats and trees. There's something to discover for all ages.

Volunteer:

Get involved, the Arboretum needs your help. Volunteer events and group opportunities are available.
